Address: 2510 Sunny Shores Drive, Pearland, Texas 77584

Phone: 832-385-9826

Occupation: Semi Retired, Water and Wastewater Instructor

BIOGRAPHICAL DATA, EDUCATION—EXPERIENCE—SPECIALS TALENTS:

It has been a pleasure to serve on the Board of Directors for the past six years. If reelected, I will strive to continue the work the board has implemented and maintain the elements at the Mountainside resort that have worked well for many years for the benefit of resort guests and owners. For those of you that do not know me, please see my biographical sketch below.

My wife and I currently live and work in Pearland, Texas. We each have four grown children, and together, we have eighteen grandchildren and three great grandchildren. I was a jet engine mechanic in the US Airforce, stationed in Germany and completed courses for business administration, both abroad and in the states before establishing a career as an operator and superintendent in the wastewater and water industry.

Living in a small town most of my life, I enjoyed working in local businesses and serving the community in various ways. Among these were food service and management of employees, sales, advertising and sports. I also served as a coach and official referee for basketball, soccer, volleyball, football.

My experience in the wastewater industry included working closely with city management, negotiation of union contracts, implementation of new technologies and management and supervision of employees. Upon retirement, I have worked as a wastewater consultant for new plants and construction, and teach continuing education courses in water and wastewater for the state of Texas for license renewal and certification. I hold industry licenses in Michigan, Texas and Colorado. I also enjoy serving others and establishing new friendships as a limousine driver in Houston.

My wife is a nurse and health science educator at Houston Community College. We enjoy music, swimming, horticulture, hiking in the mountains, fine arts and theater. As guests and owners at Mountainside for several years, we refer to Mountainside as our second "home" and treasure the friendships we have made with staff and those in the communities of Granby, Grand Lake, Kremmling and Estes Park.

I regard the opportunity to continue to serve on the board of Mountainside Homeowners Association as a privilege and honor and look forward to providing continued excellence in accommodations and vacationing experiences for guests, staff, owners and the community.
